SIMCA BREEDING THOUGHTS

Alumni Meet Report

On 18-Jan-2017

Objectives:

- To extend the help to the students of SIMCA for placement and industrial training.
- To act as a bridge between college and the industries for interaction on new developments in the industry.
- To organize programmes on personality development, interview technique and leadership development, education in health science, yoga, literature, sports etc.

Program Date and Time: 14/01/2017 evening 5:30 pm onwards

STUDENT ALUMNI MEET, which is the annual flagship event of SIMCA, conducted in the month of January. This alumni meet was entered in the fourth phase this year, and with newer events with the same old motive of bringing student and alumni together. Our alumni are the mirror of our institution. They form a fundamental link to the outside world, and show us how and whether the practices and programs of the B-School are an accurate reflection of what is happening in the national and (international) arena. Alumni are incredibly important for the image and reputation of SIMCA, both in the India and internationally. Happy alumni are our best ambassadors, and a continuing asset to the reputation of our Business School, through the experiences and successes they have in their careers and personal lives.
