### About AICTE

All India Council for Technical Education (AICTE) was set up in November 1945 as a national level Apex Advisory Body to conduct Survey on the facilities on technical education and to promote development in the country in a coordinated and integrated manner. And to ensure the same as stipulated in the National Policy of Education (1986). AICTE be vested with statutory authority for planning formulation and maintenance of norms and standards, Quality assurance through accreditation funding in priority areas, monitoring and evaluation, maintaining parity of certification and awards and ensuring coordinates and integrated development and management of technical education in the country.

### About STES

Sinhgad Technical Education Society (STES) was established in August 1993, under the able and dynamic leadership of Prof. M. N. Navale with an objective of providing quality education in the field of Engineering, Dentistry, Management, Computer, Pharmacy, Architecture, Hotel Management and the basic school education from kinder garden onwards. There are 125 institutes under the aegis of STES offering full-fledged school education, diploma, Graduation, Post Graduation courses and Ph.D. programs in various branches of Engineering, Science and Management at seven educational campuses ideally located in pollution free lush green and picturesque environment conducive for learning. STES's Smt. Kashibai Navale College of Engineering, Pune (SKNCOE) was established in 2001, and has become synonymous with quality engineering education.

### About SKNCOE

Presently SKNCOE offers courses in E&TC, Computer, IT and Mechanical Engineering. The courses are approved by All India Council of Technical Education (AICTE) affiliated to Savitribai Phule Pune University. Almost all above courses are accredited by National Board of Accreditation (NBA), New Delhi. SKNCOE is accredited by NAAC in September 2016.

### About Department

Department of Electronics and Telecommunication has one undergraduate programme and two post graduate programmes with specialization in Signal Processing, VLSI & Embedded Systems. Liaison with prominent industries like Texas Instruments, Intel has enabled the department to keep pace with technology.

### About the FDP

Ethics as a discipline, guides human actions, which have to be righteous & truthful, more so as engineers, the architects of modern world we need to shoulder greater responsibility towards the purposive human growth. Educationalists are the backbone of educational system. Therefore it is necessary to first enhance the personality of teachers so that it percolates to students level. To do this, he or she must continue their education in professional development and personal enrichment. The ultimate goal of the programme is to provide the individual with concrete tools & relaxation techniques that enable one to reduce the effects of stress on the system & function more fully in the present moment, with dynamism, peace, and joy. These capacities are best developed through modules like Self- Awareness Building Skills, Effective Communication Skills, Leadership qualities, Disciplining the Mind, Interpersonal Relationship Skills, Empathy, Coping with EMOTIONS, Coping with STRESS, Making things happen, Inspiring Students – how to ensure participation & success.

### Course Objectives

- To develop better Time management skills at workplace for effective performance.
- To develop Team Spirit and cooperation.
- To learn to manage the Stress.
- To develop Values & Positive Attitude
- To develop Professional work Ethics & Etiquette
- To learn to help student to discover their true potential.
