

ABOUT THE INSTITUTE:

Honourable Prof. M. N. Navale has established Sinhgad Technical Education Society (STES) in the year 1993 with the aim of imparting quality education in the field of Engineering, Management, Commerce, Computer, Pharmacy, Medical Education, Physiotherapy, Nursing, Architecture, Hotel Management, Basic Science and Basic School Education. At present Sinhgad Technical Education Society is spread over 12 Campuses. About 70 thousand students are pursuing quality education in STES. Highly qualified, experienced and dedicated faculty is strength of the institute.

ABOUT THE COLLEGE:

STES's Sinhgad College of Science, fondly called SCoS excels in knowledge, enhancement and polishing skills. Amidst the vast campus of STES, Sinhgad College of Science began in 2001. The entire learning process coupled with infrastructure gives education at SCoS a very holistic shape. The college is driven by very vibrant faculties that enjoy a rich professional experience with a sense of exemplary competence. A lot of emphasis has been laid in the infrastructure as well. This includes the best of laboratories and library. All these lies in an environment that's just right for knowledge attainment. Indeed learning can't acquire a more complete shape than is visible at Sinhgad College of Science. The college offers bachelors program in Commerce and Science. The degree courses in Commerce offered are B.Com. B.B.A., B.C.A. and B.B.M.(I.B.). The degree courses (B.Sc.) in science stream include Computer science, Biotechnology, Microbiology, Chemistry and Geology. The college also offers post graduate courses in Computer Science, Microbiology, Petroleum Technology and Geoinformatics. Sinhgad College of Science believes

in "Building Quality Students through Quality Education":

ABOUT THE COMMERCE DEPT:

The department of Commerce established in the year 2004 started with BCA, BBA courses. These courses provide students with professional commercial background that allows them to cope up with industry as well as research environment. They are professionally trained and an analytical mind as well as problem solving attitude are developed.

OBJECTIVES OF WORKSHOP:

- To reduce the risk of unauthorized information disclosure, modification, and destruction
- To reduce risk to a level that is acceptable to the business by minimising the impact of security incidents
- To understand and explore the horizon of growth in security breaches
- To develop software system for Threat Intelligence for data integrity to deliver more secure applications
- To provide knowledge about series of documented processes that are used to define policies and procedures around the implementation and ongoing management of information security controls in an enterprise environment

HIGHLIGHTS:

- Hands-on training on Wireless hacking, Web App Hacking and S/W defined radio
