STATE LEVEL SEMINAR ON

*"Recent Advances & Challenges  
in IT Industry"*

24<sup>th</sup> & 25<sup>th</sup> February 2012

Under Quality Improvement Program

University of Pune

## ABOUT STES:

Sinhgad Technical Education Society (STES) was established in the year 1993 by Prof. M. N. Navale with the aim of imparting high quality technical education. Currently there are about 84 institutions run by STES catering to various disciplines in the field of Medical, Dental, Pharmacy, Nursing, Architecture, Education, Management, Engineering and Technology. STES always endeavor to meet the growing needs of higher technical and management educations by adopting new technologies, providing resources and by developing positive attitude. STES has made incredible progress in a very short span of time and today STES has established its identity as one of the premier educational institutes and created "Sinhgad" brand not only in Maharashtra but all over the world. All the institutes have excellent infrastructure and we keep on upgrading these facilities

## ABOUT RMD SINHGAD TECHNICAL INSTITUTES CAMPUS:

RMD Sinhgad Technical Institutes Campus Warje, Pune was established in 2011-2012 under the umbrella of Sinhgad Technical Education Society (STES). The Institute is approved by All India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai, and is affiliated to University of Pune.

The Campus offers programmes in Engineering, Management Studies and Computer Studies through the following schools.

- RMD Sinhgad School of Computer Studies

- RMD Sinhgad School of Management Studies
- RMD Sinhgad School of Engineering

RMD Sinhgad School of Computer Studies is established with the objective of meeting the growing demand in the IT industry for skilled IT professionals. It is also to bring forth entrepreneurs in the field of IT by imparting high quality education and providing state of the art infrastructure.

## ABOUT THE SEMINAR:

Information Technology is one of the most important industries in the Indian economy. The Information Technology (IT) industry of India has registered huge growth in recent years. Presently there are number of challenges that the IT industries of India are facing. One of the major challenges for the Indian IT industry is to keep maintaining its excellent performance standards. The experts are however of the opinion that there are certain things that need to be done in order to make sure that India can maintain its status as one of the leading IT destinations of the world. The Indian IT industry also needs to coordinate with the academic circles as well as other industries in India for better performance and improved productivity. The aim of this seminar is to address theoretical and practical dimensions of some of the recent advances and challenges in IT.

## OBJECTIVES OF THE SEMINAR:

- To widen the hallucination of the participants by imparting the latest developments in IT industry.
- To bring updated information about the growth/development and challenges in IT industry.

## SEMINAR TOPICS:

- i) Data Warehousing and Data Mining
- ii) Security Threats and Cyber Crimes
- iii) Agile Software Development
- iv) Business Intelligence and Analytics
- v) Mobile Computing
- vi) Cloud Computing
