**And
Institute of Embedded and Robotics Research**

(Training Division of Campus Component Pvt. Ltd.)

Presents

**National Level Workshop on
"Robotics"**

Date : 18th, 19th Feb '13

The workshop where you will learn the art of making autonomous robots. In this workshop you will be able to know the fundamentals of designing and building autonomous robots by integrating a microcontroller; thus adding brain to robot. In this workshop we will be making four kinds of robot – obstacle avoider, obstacle follower, edge detector and line follower.
