CRITERION I - CURRICULAR ASPECTS

1.1 - Curriculum Planning and Implementation

1.1.1 - Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The Institute is Affiliated to Savitribai Phule Pune University (SPPU) and it adheres to the curriculum designed by the University that is updated and revised periodically. The Institute meticulously develops action plan for effective implementation of the curriculum by planning the academic schedule as per the University norms. Currently, 2016 and 2019 Pattern syllabus is being followed for MBA Program. And for MCA program, 2015 and 2019 Pattern syllabus is in progress. Teaching Learning Process: Planning phase: Academic calendar is prepared at the beginning of the Academic Year by each department involving Head of the Institute, IQAC and all faculty members. Course allocation is done in accordance to the choice and expertise of the faculties. Lecture schedule and evaluation parameters are finalized after discussion with faculty members as per University guidelines. The schedule for various sessions, activities and events, such as, seminars, STP activity, Industrial visits, Celebration of various days and such like other activities to be undertaken is prepared by respective committees and is then incorporated in academic calendar. Class Time Table is prepared, based on which faculties prepare their course files that includes - Time-Tables, Syllabus, Teaching Plan, Teaching Notes, PPTs, MCQs, Resources, Assignments/Case Studies, Evaluation and Remedial action plan for slow learners. Review of available and required academic infrastructure and support is undertaken before commencing each academic semester. The Industry expert sessions/training demands is planned ahead by the faculties and communicated to the Director. Execution Phase: Academic progress is monitored by Director every month. Academic audit is done for the number of lectures planned and the number of lectures actually conducted. This ensures identification of gaps, if any, and necessary corrective actions to fill the gap. Attendance of students are monitored

every month and communicated to students. The students with less than 70 percentage attendance are called and counseled to improve. The parents are intimated incase of very poor attendance.

In-house examination results are analyzed for suitable necessary remedial measures. Extra sessions are conducted for weaker students and slow learners. Learning beyond syllabus: It is achieved by arranging lectures of experts from Industry by the respective departments to give awareness of new and emerging technologies / developments in the field. Induction Program: For holistic & personality development of the newly admitted students institute organizes Induction program to orient them of institute academic culture, curriculum norms, examination pattern and code of conduct. Activities Undertaken: Theinstitute conducted regular activities like management games, Internship, Assignments, Tests, Industrial visits, Group activities etc. to groom students professional skills. International conference, seminars and research methodology workshops are conducted yearly to get updated with the current aspects. The students are motivated to participate in various management events/competition conducted in-house and outside. Post Execution Phase: Students are asked to provide feedback on deliverables and actual delivery for analysis and corrective action at the end of semester. Cross checking the attainment of course outcome is done by the faculty.

1.4.2 - How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)	
Feedback Obtained	
<p>Institute has well established Feedback Mechanism on the Curricular Aspects taken from different stake holders like students, faculty, alumni, employers and parents. Institute analyses the collated information from the various stakeholders. The analysis is done in a scientific way through the use of Surveys. The inclusion of teachers and other education stakeholders made the process participatory and enriching. Furthermore, this feedback is also part of the process in order to ensure that participants' experience and recommendations are taken into consideration for the future enhancement of the MBA/MCA Programme syllabus/curriculum. A Report is prepared every year of the Feedback taken from different education stakeholders for the Design and Review of MBA/MCA Programme Syllabus. The Report for the Academic Year 2019-20 is attached/enclosed herewith. The Report is divided into FOUR Parts viz. Introduction, Process, Feedback and Recommendation. Students feedback is obtained on Relevance of the topics to the subject, Emphasis on fundamentals, Coverage of novel and advanced topics, Overall remark on syllabus, and Exposure to Software's in practical subjects. Teachers give their feedback on Relevance of the topics to the subject, Emphasis on fundamentals, Coverage of novel and advanced topics, Availability of information resources, Industrial applicability of concepts, and Overall remark on syllabus. Employers are asked to point out gaps if any from industry view-point. Alumni need to give feedback on Relevance of the topics to the subject, Coverage of novel and advanced topics, Applicability of syllabus in job, Overall remark on syllabus. Parents are asked whether the current syllabus is able help their wards in their employability and career goals. The suggestions and expectations from all these stakeholders are collated and are shared with IQAC, Director and respective members of BOS (Board of Study) of the Savitribai Phule Pune University for further action. At University level, all these are reviewed and considered while revising syllabus every three years. However, at Institute level, the issues are reviewed during the IQAC meetings and/or with Director depending upon the nature and suitability of the suggestion/expectation so as to look for the possibility of implementation at earliest. The general suggestions/expectations noticed from stakeholders are such as: 1. Syllabus need to be updated as per the industry requirements. 2. Advanced Technology related courses need to be introduced such as New web development technologies like R programming, Data science, AI (Artificial Intelligence), Blockchain, Angular, IoT etc. for MCA Programme. 3. Syllabus and contents be aligned to the new avenues arising due to Digital Economy and Specializations be considered according to evolving scenario and demand. 4. 2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The internal evaluation is designed to recognize the capability and talent of a student. All evaluation reforms of the University are adopted and effectively implemented as per the guidelines issued by the authority from time to time. Following initiatives are taken by the Institute for the improvement of internal evaluation process. • University reforms are aligned with institute's evaluation criteria such as Attendance, Case Study, Class Test, MCQ's, Presentation, Group Discussion, Written Home Assignment, Group Project, Mid-Term Exam and End-Term Exam • Concurrent evaluation process as per the requirement of SPPU is adopted and all the evaluations are conducted throughout the semester as per the set academic plan. Internal Evaluation results are displayed regularly. • The continuous assessment provides a feedback on teaching learning process. The feedback after being analyzed is passed on to the concerned student for implementation and subsequent improvement. • The performance in evaluation of students is displayed on notice board. • For student evaluation, complete transparent system is

set by the institute which is aligned with university norms. Evaluation criteria are set with common staff meetings and with approval of all experts with each subject. • Subject Specific MCQ's, mid-term and end-term examination is conducted in each semester and its performance is accounted for Internal Performance Evaluation. • Internal subjects and projects are evaluated using rules and regulations of university. • Institute has examination cell for smooth conduction of class test internal examination. The results of exams are declared within a week of the conclusion of the test. The students can see their respective answer books and discuss their queries with concerned subject faculty member. University evaluation reforms: • The CEO and Examination Committee schedules and executes the evaluation process with strict monitoring on regular basis. Internal squad comprising of senior faculty members oversees the smooth conduction of University theory examination. • CCTV cameras are deployed at selected locations to monitor the online examinations.

2.5.3 - Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

An academic calendar is prepared in accordance with the university academic schedule. The calendar is displayed on notice board and shared through emails time to time. The MCA course has two semesters in each academic year. A fixed number of courses are taught in each semester through different teaching methods. Faculty members prepare the session plan by referring various evaluations as per the calendar. Continuous internal evaluation criteria's are based on university requirements. Subject wise different evaluation parameters are set. Major subjects have 100 marks which are divided into 30-70 pattern 30 marks for internal examination and 70 for external examination. For practical and project 50 marks are allotted. In every semester one subject is reserved as internal of 70 marks. Students are continuously assessed throughout the semester and evaluated based on the Mid-Term examination, End-Term examination, Assignments, Presentations or Case studies, Projects, Practical, and Viva and so on. For Internal Evaluation of 30 marks, Institute conducts 40 Marks Mid-Term Examination and 70 Marks End- Term Examination and convert out of 110 marks into out of 10 marks. Presentation or Case Study is evaluated for 10 marks whereas assignments and attendance are evaluated for 5 marks each. Similarly for Internal Evaluation of 70 marks, Institute conducts 40 Marks Mid-Term Examination and 70 Marks End- Term Examination and convert out of 110 marks into out of 30 marks. Presentation or Case Study is evaluated for 25 marks whereas assignments and attendance are evaluated for 15 and 10 respectively. In practical exam student is evaluated based on problem solved, journal and viva. Projects are also evaluated based on Report, User Interface and Knowledge presentation. Academic calendar incorporates all curricular, co-curricular and extra-curricular activities in the calendar which ensure CIE. All these CIE methods enable the faculty to identify the advanced and slow learners. The institute strictly follows the provision for slow learners. For slow learners

remedial coaching is given. Regular meetings and reviews are conducted by teachers, coordinators, director. This way the institute adheres to the academic calendar for conduct of CIE.

CRITERION VI - GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Vision: To shape professionals to be Thought Leaders in world of business, by institutionalizing creativity and innovation in thought process and action and dissemination of relevant knowledge through structured learning systems. Mission: We realize that education is fundamental for the complete development of individuals. As a premier teaching institute, we endeavor to harness this inherent potential through meeting the growing needs of higher technical education. As we grow, we will expand into new technologies, methodologies, disciplines, resources and even attitudes. To achieve this, SIMCA will ensure the highest quality of faculty, resources and infrastructure. These will be structured with focus on academic excellence and versatility in approach that will meet the ever increasing needs of the students. The Narhe campus houses hostels for girl and boy students for all the three colleges located on the campus. The hostel administration functions independently and is governed by the rules and regulations laid down by the campus office guided by the parent body i.e. STES. The girl students apply for night out leave either for visiting their local guardians or to go home in the preparatory break or vacations. The girls were found to indulge in wrong practices on some occasions to obtain leave giving rise to issues related to their safety and security .The hostel authorities found it difficult to check with each institution the genuineness of the request for leave. So they designed a form which would require the signature of the Heads of the institution and stamp of the institution for sanction of leave. This was a good step, however it posed its own set of issues for the institution. There were instances when the Director was not available due to some engagements outside the institution or due to his preoccupation with work related issues. The students were inconvenienced as they had to wait for long hours or make frequent trips from their classes to check the Directors' availability for verification and signature. The students conveyed this difficulty to their class coordinators and the Director decided to incorporate a system in order to resolve the issue and affect smooth sanctioning of leave. The Director called an informal meeting of all the Class coordinators, head of the first year program and HOD's. After appraising the faculty of the issue it was decided by mutual consent that the Director would transfer this responsibility to a faculty member .Since this matter of leave was more relevant to students of the first year program, it was decided to authorize the first year

Program Head to sanction the leave and give the college seal. However to avoid any other related issues cropping up, the student would first have to get the approval of his or her class coordinator, who would verify the details mentioned by the students and then recommend for leave. The Program head would then sanction the leave on the basis of the recommendation. In case of special cases the Director would still remain the final sanctioning authority. In case both the class

7.2 - Best Practices

7.2.1 - Describe at least two institutional best practices

Title of the practice: 1. Placement and practical oriented training Objective Campus placements at the best B school in India and in the life of any student / graduate are very defining moments that students look up to and prepare themselves thoroughly to score high and well but as well as to impress their potential future employers. It is the one time that students get a precise chance to make that practical application of their technical and employable soundness to the representatives of the corporate management of the particular industry they opted for or chose in the first place. The main objective is to enhance the employability of the students by providing sufficient practical exposure, soft skills and career guidance to the students. The academic standards are raised and all efforts are made to enhance the acceptability of the students by the software industry and to bridge the gap between academia and industry. Separate Placement and Training cell is established to dedicatedly work to accomplish the goal. The Context Placement opportunities for management (M.B.A.) graduates from good schools have gone up. The number of HR conclaves organised round the year by most colleges (though for placement purposes) is an indicator of the increasing popularity of HR. The placement teams have power to decide on placement activities, maintaining relations and communication with companies. An MBA programme with good innovative learning will play a major role in how much your students could rise in their career. Industry interface, involvement in leadership activities and excellent quality faculty at the B-school are also very crucial. The Practice Institute believes in building a strong foundation by strengthening the core teaching and thereby making the fundamental concepts very clear. The students are analyzed for their weakness in the context of placement. Institute have proven policies to identify and enhance the capabilities of slow learners and further enhance the strength of fast learners. Continuous evaluation and analysis of the attainment of course outcomes is done by means of solving assignments , Midterm examination, end term examination, MCQs , presentations etc. Well-designed practical assignments help students in achieving the practice required by industry in each programming subject. Students are given training, workshops, lectures from industry of new technologies and encourage them to attain certifications to bridge the academic industry gap and enhance placements. Aptitude tests, Group discussions, mock interviews, soft skill training and grooming sessions are conducted to make them confident in facing interviews. Evidence of Success- Problems encountered and resources required • Lack of counselling • Conventional classroom approach • More focus on theoretical concepts by students • Increase in the number of management colleges • Decreasing placement opportunities in recent times • Students with rural background do not possess communication skills. So they face difficulties. Career portal services can be utilized by the colleges to improve the placements. Universities may conduct Job Fests by inviting various companies to one place to help the students of the affiliated colleges. 2. GEMS ERP for managing Academics Objective The implementation of GEMS ERP has been very beneficial and it is

helping our institute to improve the various crucial and mundane operations, thus making them manageable and more transparent. It's the time and efficiency factor that places the software ahead of the traditional methods. The purpose and need of the GEMS ERP software are to offer a helpful hand to the faculty and management in the way that many crucial functions of the institute can be made under a single roof. Several reputed colleges and universities have deployed ERP solutions with success. The investment that is made on such software allows many benefits in the long run. The Context ERP in education is not a new concept ERPs were in full-fledged use in major corporations in some of the biggest industries, to ease the management process. With the development of technology and widespread demand for computing, concepts have led to the increasing popularity of ERP solutions in other industries like educational institutes. The Practice Institute uses GEMS, the State-of-the-art software solution for small and big educational institutes. Evidence of success GEMS help to govern, communicate, manage, organize, monitor, measure, report and analyze all of your day-to-day academic operations. It is extremely fast and easy to use. Less paper work and can access and use from anywhere. Some important modules are given below. Academics Gems help to manage all academic related stuff like academic plan, online test, lecture schedule etc. The detailed are given in the below screenshot Personal Management This module handles weekly plan, leave management, feedback, salary details etc Problems encountered and resources required Sometimes the technical glitches may occur but sorted out by our technicians.

7.3 - Institutional Distinctiveness

7.3.1 - Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

1. **Social Media Visibility** Social media has changed both the way in which Institutes interact with their students and the way in which events and activity gets promoted. Institute is attempting to utilize social media to reach existing students, get new ones and build or maintain credibility and reputation. More importantly, Institute need to measure their visibility in the most popular social media relative to that of other Institutes. Sinhgad Institute of Management and Computer Application (SIMCA) is distinctly positioned in social media and seems to currently have a concerted strategy for engaging its stakeholders in a particular social media. SIMCA is handling multiple social media account like facebook, twitter, youtube, Instagram, blog, whatapps, telegram etc. to reach multiple students and deliver best

quality of education among the students. Institute has also posted various event details in various social media account to reach maximum students and got maximum participation. 2. Harvard Business Review article discussion This activity involves the discussion (presentation) of a Harvard Business Review article by the faculty for the students. The Harvard Business Review (HBR) is a general management magazine published by Harvard Business Publishing, a wholly owned subsidiary of Harvard University. It is essentially a reach source of contemporary management related research, knowledge and content. These articles are generally authored by leading academicians, researchers and corporate leaders across the world and delve into subject areas like leadership development, organizational change, marketing, branding, strategy, and topics related to impact of digital and social media on business world Etc. This session is focused on educating the students on various concepts through practical knowledge and equipping them with the know-how about latest developments and practices in the world of management and business. 3. Student Research - Academic Excellence with Focus on Research and development The academic programmes which the institution offers are well in tune with the institution's goals and objectives as outlined in the vision and mission statements. There is also a judicious selection of curricular and co-curricular activities, which are designed to foster the all-round development of the students. Given below are some of the ways in which the academic programmes reflect the mission of the institution: Institute Distinctiveness: 1. In order to promote a climate for academic excellence with openness to learning, research and development of professional skills, the Institute has started a Research Centre since 2017. The Research Centre offers PhD programmes in Management including various streams like 1. Computer Management 2. HR Management 3. Knowledge management 4. Production Management 5. Marketing management 2. Strengthening Research Aptitude among students- Students are encouraged to publish research articles. The research centre helps them in this endeavour. The selected research papers of students are published in national and International Journal. The students are also motivated and guided by their mentors to participate in National and International conferences/seminars. Institute organizes national, International conferences, workshops regularly. 4. "Intellectual Capital Enhancement" through Faculty Development Objective: is essentially aimed at motivating and encouraging the faculty members to engage with research related activities.
